

# Ashwinkumar Chavan

## UI/UX Developer | Product Designer

I'm a UI/UX Designer and Developer who focused on creating intuitive, user-centered digital experiences. that feel simple, human, and purposeful. I first spark of an idea to the final build, making sure every detail works smoothly for real people. For me, great design happens when creativity, experience, and technology move together as one. I currently live in the lively city of Pune, India.

## Work Experience

### Newprinthub.com | UI/UX Designer May 2024 - Present

- Increased customer retention by 25% by redesigning the client onboarding process interface.
- Achieved a 20% increase in app user retention by streamlining UI components by creating intuitive navigation paths.

### Inrowmek.com | UI/UX Developer Oct 2023 - April 2024

- Developed and maintained design documentation and design systems.
- Developed and implemented intuitive user interfaces for mobile and web applications using Sketch and Figma.
- Assisted in designing marketing materials (e.g., social media graphics, Illustrator design).
